TO: Members of the Board of Trustees
FROM: President Sabah Randhawa by Vice President Richard Van Den Hul
DATE: October 12, 2018
SUBJECT: Delegation of Authority to Award a Construction Contract for Carver Anatomy and Physiology Labs Upgrades, PW726
PURPOSE: Action Item

Purpose of Submittal:

To delegate the authority to award a construction contract for Carver Anatomy and Physiology Labs Upgrades. Construction to start November 2018.

Proposed Motion:

MOVED, upon the recommendation of the President, that the President or the Vice President for Business and Financial Affairs is hereby authorized to award contracts and execute documents for the construction of Carver Anatomy and Physiology Labs Upgrades.

Supporting Information:

Construction will occur in the shell space currently in Carver. This project will create two anatomy/physiology labs to be shared between the Health and Human Development and Biology departments. The labs will help alleviate the demand for anatomy classes by both departments.

The total budget for the project is $2,400,000.

Source of Funding:

State Appropriations
