Purpose of Submittal:

The credentials and accomplishments of these faculty members have been examined by their peers, tenure and promotion committees, department chairs, college deans, as well as the Provost and Vice President for Academic Affairs. Each person approved meets or exceeds the internal (college and all-university) and external (comparative, disciplinary, and professional) standards Western Washington University requires for promotion or tenure. This extensive review process confirms the merit of each faculty member’s teaching, research or creative activity, and service to the University and the community.
