

**Western Washington University
Board of Trustees
Agenda
June 13, 2013**

THURSDAY, June 13, 2013

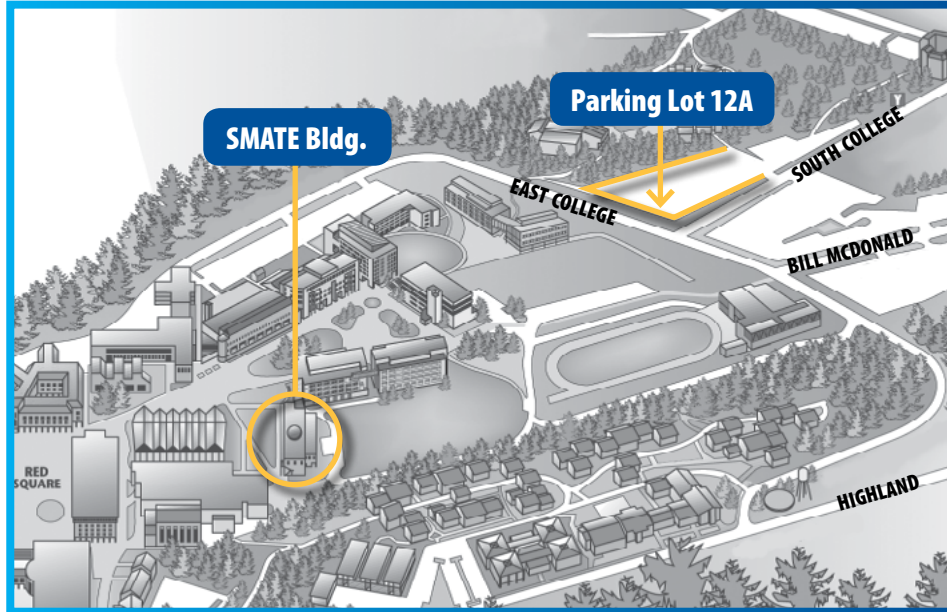

Location: OM 340

Time: 11:30 a.m. – 5:30 p.m.

- 1. DEDICATION OF SMATE 130 for JOSEPH G. MORSE, SMATE Building Lobby
DEDICATION OF KAREN W. MORSE HALL, Karen W. Morse Hall Lobby
11:30 a.m. – 12:15 p.m.**
- 2. MORSE RECEPTION, Karen W. Morse Hall Lobby
12:15 p.m. - 1:00 p.m.**
- 3. CALL TO ORDER
3:00 p.m. – 3:05 p.m.**
- 4. EXECUTIVE SESSION MAY BE HELD TO DISCUSS PERSONNEL, REAL ESTATE AND
LEGAL ISSUES AS AUTHORIZED IN RCW 42.30.110.
3:05 p.m. – 5:30 p.m.**

RESERVED PARKING

North end of gravel lot 12-A, by Fairhaven College.

THIS CARD IS YOUR EVENT PARKING PASS:

Place on your dashboard when you park

If mobility issues make walking from lot 12-A to the SMATE building difficult, please call Special Events at 360-650-6825, and we will make other parking arrangements for you.

MORSE DEDICATION EVENTS

On December 14, 2012 the Western Washington University Board of Trustees approved the renaming of the university's Chemistry Building to Karen W. Morse Hall, after WWU President Emerita Karen W. Morse.

Karen W. Morse served as Western's president from 1993 to 2008. During her tenure, campus infrastructure markedly improved. New facilities were constructed, essentially creating the South Campus as we know it today: Biology in 1993, SMATE in 1996, Campus Services in 2002, Wade King Student Recreation Center in 2003, Communications in 2004, and the Academic Instructional Center, or AIC, in 2008. In addition, carefully planned enrollment increases occurred and faculty numbers increased, resulting in a markedly improved student-faculty ratio. A former chemistry professor, Morse was widely published in her field, has three patents to her name, is a fellow of the American Association for the Advancement of Science and was awarded the Olin-Garvin Medal, the highest award given to a woman for her contributions to the field of chemistry.

"Karen Morse led Western through a period of tremendous growth – of the campus, the faculty, and the student body – while elevating its national reputation, setting the university on a trajectory to realize its present and future strengths," said Peggy Zoro, chair of Western's Board of Trustees.

The Board also approved naming a lecture hall in Western's Science, Mathematics and Technology Education (SMATE) Building after Joe Morse, a retired WWU chemistry professor. As the first director of the SMATE program, Joe Morse provided the operational base for the new building and, working with the departmental faculty in the sciences and the Woodring College of Education, established the framework for SMATE's faculty and staff appointments.

"Karen and Joe Morse represent the very best of Western ideals. They have worked tirelessly in service to the university and students. The legacy of their achievements and commitment will continue on for many years at Western," said Western President Bruce Shepard.
